

## How to Get Rid of Catarrh

A Simple, Safe, Reliable Way and it Costs Nothing to Try

Those who suffer from catarrh know its misery. There is no need of this suffering. You can get rid of it by a simple, safe, inexpensive, home treatment discovered by Dr. Blosser, who, for over thirty-five years, has been treating catarrh successfully.

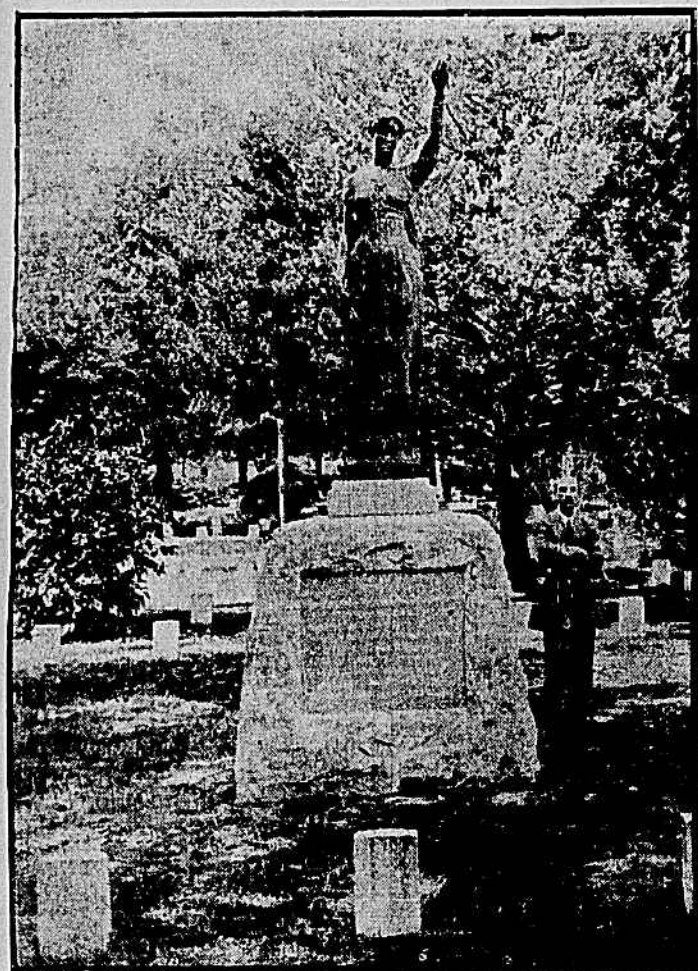

His treatment is unlike any other. It is not a spray, douche, saline, cream or inhaler, but is a more direct and thorough treatment than any of these. It cleans out the head, nose, throat and lungs so that you can again breathe freely and sleep without that stopped-up feeling that all catarrh sufferers have. It heals the diseased mucous membranes and arrests the foul discharge, so that you will not be constantly blowing your nose and spitting, and at the same time it does not poison the system and ruin the stomach as internal medicines do.

If you want to test this treatment without cost, send your address to Dr. J. W. Blosser, 771 Walton Street, Atlanta, Ga., and he will send you by return mail enough of the medicine to satisfy you that it is all he claims for it as a remedy for catarrh, catarrhal headaches, catarrhal deafness, asthma, bronchitis, colds and all catarrhal complications. He will also send you free an illustrated booklet. Write him immediately.

**Order of Foreclosure Signed.**  
BALTIMORE, Md., October 9.—An order of foreclosure and for the sale of the Western Maryland Railroad was signed by Judge Morris in the United States Circuit Court today. John Hinkley was appointed special master to execute the decree and will give a bond of \$100,000. He will later announce the conditions of the sale.

The order was signed under proceedings by the Equitable Trust Company, of New York, in pursuance of the proposed reorganization plan of the road.

**\$6,000 WORTH OF OSTRICH PLUMES**

Placed on Sale  
**Tuesday, Oct. 12th.**

Owing to the large quantity of Plumes involved in this purchase, and the space needed for displaying same, they will be placed on sale next door, the adjoining building, at No. 403 East Broad. We purchased at a very low figure the entire stock of Plumes of one of New York's largest importers, who was in need of the ready cash. There is a saving of fully one-third on every Plume.

Every Feather represented, from the cheapest to the most expensive, is guaranteed to be of the prime select Ostrich stock, and to give perfect satisfaction. The colors are fancy, black and white.

## GOMPERS IS READY TO SERVE HIS TERM

Willing to Go to Jail in Defense of American Speech.

RETURNS FROM EUROPE

Hastens Back to Be Here When Court of Appeals Decides His Case.

(Special to The Times-Dispatch.)  
NEW YORK, October 9.—President Samuel Gompers, of the American Federation of Labor, landed today from the French liner La Savole, expressing surprise that the ship had been laden at Havre by non-union men. He was greeted at the pier by his father, who is eighty-two years old, and delegations from labor organizations. He sailed from this port on June 15 by the White Star liner Baltic to attend the British Trades Union Congress, the Congress of Federated Trade Unions and the International Labor Conference at Paris. He had not the right to vote at any of these assemblies, but was invited to speak, which he did. He said he had hurried back to be in Washington Monday, so that he might be on hand when the decision on his appeal in the case of the Bucks Store and Range Company is to be made by the Court of Appeals of the District of Columbia. In regard to this Mr. Gompers said: "I am ready to go to prison anywhere in the defense of American speech. The American Federation is accused of boycotting the Bucks Store and Range Company, which got out an injunction restraining John Mitchell, Frank Morrison, myself and others from advising union men not to patronize the company. "We were charged with being guilty

of contempt of court because by speech and publication we advised a continuation of the boycott. We are now serving a six months' imprisonment for this alleged contempt."

**Conditions Not Good.**

Mr. Gompers said he had found conditions on the other side, so far as the masses were concerned, not so good as they should be. He said that the masses, the most contented people seemed to be the poorest, except, perhaps, in the case of France. The French were naturally contented. They were a frugal people, and content with a diet consisting of bread, butter, and a little meat. He said that the masses in America had come to understand each other better; also the working folk of America had been benefited by the constructive trade movement of international scope.

To cover all the ground he had been instructed to, Mr. Gompers said he had to do some hustling. He was accompanied by James V. Sullivan, of Typographical Union No. 6, on most of his trips. They visited nearly all the capitals and manufacturing centers of Europe. They took a fifteen-day round trip between Paris and Italy, and did not like the sleeping accommodations. Mr. Sullivan said that they were so bad that the party decided to sit up three nights rather than undergo the torture of attempting to sleep in the sleeping coaches. They interviewed, through interpreters, the labor leaders and officials of Italy. They came to the conclusion that the Italian government was taking no consideration of the Italian emigrant bound for America.

On the subject of strikes, Mr. Gompers said there were no strikes in Egypt, where people walked around in sacks and lived in hovels and intimated that strikes were a natural consequence of higher civilization.

Mr. Gompers will read a report telling of his work abroad at the next annual convention of the American Federation of Labor at Toronto on November 8.

**TO PROTECT PLAINTIFFS.**

Part of Proceeds of Sale of Anderson Property to Be Held by Court.

ASHEVILLE, N. C., October 9.—In the case of the International Trust Company, of Maryland, against the Anderson Property Company, Judge Pritchard today issued an order that \$25,000 of the proceeds of the sale of the property made by the Anderson Property Company on October 1, should be paid into the registry of the court, to await the determination of the suits, which the court allowed to be brought against the company by Nettie Richardson, W. H. Cobb and Mrs. James H. Cobb, as administrators of the estate of the late J. W. Anderson, who was killed by being allowed to intervene and being made parties.

**Seminole Securities Case.**

ASHEVILLE, N. C., October 9.—In the case of the Seminole Securities Company, by its receivers, against the Southern Life Insurance Company, Judge Pritchard issued an order today directing Julian S. Carr, J. M. Patterson and J. L. Hughes, who were named in the suit, to show cause here, October 21, why they should not be enjoined from prosecuting suits in the Superior Court of Durham County, involving the property now in charge of the Federal Court.

**Sends Helmed Message.**

NEW YORK, October 9.—Commander Peary, through Herbert L. Bridgman, secretary of the Peary Arctic Club, sent the following cable from New York to-night to former President Roosevelt, at Nainital, British East Africa, thence to be forwarded to the interior: "Your farewell was a royal mascot; the mascot is ours." "PEARY."

Mr. Bridgman explains that the message would have been sent earlier, but for Commander Peary's ignorance of Mr. Roosevelt's address.

**Seeking to Escape Service.**

SAN JUAN, P. R., October 9.—The Spanish steamer Miguel Sanchez arrived here today, en route to South America, having on board a large number of emigrants from the Spanish colonies who are seeking to escape service in the war in Africa.

**PERSONALS.**

The regular monthly meeting of the Highland Park City Association will be held in the Town Hall at 8:30 o'clock to-morrow night.

Mr. Watson M. Myers is visiting her sister, Mrs. Frederick Waller Voller, of New York. She will return to Richmond at the end of this month.

Joseph Purvis, of Thelma, Va., and Captain D. B. Forlans, of Charlottesville, have been in Richmond during the past week, attending the Virginia State Fair, at the guests of J. M. Langhorne, who will return with them to Thelma to-night.

Miss Alice E. Cox, of 110 West Clay Street, and Miss Yetta Bolton, of 219 South Laurel Street, have returned from a pleasant trip to Washington, Baltimore and Philadelphia.

## BIG LABOR BATTLE IS SURE TO COME

It Means Either Disruption or Reorganization of the Federation.

(Special to The Times-Dispatch.)

TOLEDO, O., October 9.—What promises to be the greatest internal war ever waged in labor union circles in this country, and which will mean either the disruption or a complete reorganization of the American Federation of Labor, will be fought out on the floor of the Ohio State Federation of Labor Convention here next Tuesday. The battle will be between the Federation of Labor, with President Gompers, with its tremendous force and prestige, on the one hand, and the State Federation of Labor, with its central bodies, whose charters have been revoked by the American Federation of Labor because of refusal to accept delegates from the electrical workers, "outlawed" by their international organization. The situation is exceedingly complicated by the fact that the "outlawed" centrals will all send delegates to the Toledo convention, and that two of its chief officers, Thomas Ramsey, Toledo, vice-president, and Harry D. Thomas, Cleveland, secretary-treasurer, are delegates from the outlawed centrals.

If those delegates from the suspended or outlawed centrals are recognized and given seats by the Ohio Federation of Labor, then this organization will be in line to have its charter revoked. This would mean the end of the State Insurgents. Other States, it is said, would likely follow the example, and the American Federation of Labor would be left with nothing but an empty shell, its officers without position and without revenue.

From the Toledo convention the matter will be taken to the floor of the new American Federation of Labor convention at Toronto, November 8.

**Approaching Wedding.**

(Special to The Times-Dispatch.)  
BUCHANAN, VA., October 9.—Mrs. L. E. Hanes announces the engagement of her daughter, Gertrude Carter, to Sandy Cronk, both of this place. The marriage will take place on October 26, at the home of the bride on October 26. No cards.

## Heal The Skin; Purify The Blood

Through the Use of Stuart's Calcium Waters, the Great Blood and Skin Remedy.

The skin has been very closely studied as a physiologic organ, especially as the person cannot walk very far as the organ of sensation and perspiration. The skin is one of the most important organs of the body, and is very liable to many annoying diseases, both acute and chronic, and most of these complaints are dependent upon impurities in the blood. When the blood has become so loaded with impurities that it is absorbed from the large intestine, as in constipation and auto-intoxication, or from the liver, as in jaundice, the blood cannot be properly eliminated, and the impurities are sent out through the pores, and the skin troubles.

Certain occupations have the effect of gradually filling the system with poisons, which often cause death. Painters and workers in lead are very much subject to lead-poisoning, which is caused by the absorption of small particles of lead, which slowly accumulate until serious symptoms result. Poison-hungry are also liable to arsenic poisoning, a nearly all wall paper contains arsenic.

In the treatment of all forms of blood poisoning, whether from within or without, or from the removal of torturing, disfigurement, skin diseases, and constitutional lesions, which affect the blood and tissues, and cause swelling of the glands, etc., Stuart's Calcium Waters is the most effective and powerful remedy in existence.

The principal ingredient of this celebrated blood-purifier and skin-disease eradicator is calcium sulphate, which, when taken into the system, rapidly removes all impurities, bacteria, and poisons from the blood.

No poison or impurity can exist long in the blood when Stuart's Calcium Waters are used. This remedy is the natural enemy of blood poisons. Painters, paper-hangers, and workers in lead and arsenic, or other poisonous metals, should use them frequently, and constantly, and thus avoid blood-poisoning, and every one who has skin and blood troubles of any kind, should employ Stuart's Calcium Waters. It is a powerful blood-purifier and skin-disease eradicator, and sends your name and address for free sample package. Address: A. Stuart Co., 175 Stuart Building, Marshall, Mich.

## DEEP RUN CLUB SHOOT AGAIN

Fine Sport Yesterday Causes Gunners to Postpone End of Season.

An enthusiastic gathering visited the grounds at the Deep Run Shooting Club yesterday to participate in the shoot for the championship of Richmond, but owing to the absence of several of the best gunners, this event was called off until a later date, of which due notice will be given. To make the shoot of interest yesterday the members formed a stake among themselves, which was divided into three moneys.

U. M. C. Anderson, with forty-seven out of fifty, took first prize, while Richmond and Lawrence tied for second place with forty-four. Harrison and Deep Run tied for third honors with forty-one each. In the first string of twenty-five birds Harrison was tied for first, with twenty-three out of twenty-five, which put him up with 92 per cent. shooters, an unusual performance. Lawrence, who had not been on the firing line for several weeks, was cordially welcomed, and his score showed he has not lost his eye.

Mr. Goodloe, a visitor, made a good run of twenty-three straight, dropping the last two targets. The shooters were so enthusiastic over the scores made in the late season event that it has been decided to continue on until cold weather. One event next Saturday will be shot from the hip, and this will give the gunners good practice in field shooting. The club secretary will shortly publish the records made by members this season.

This matter will be interesting information for those interested in trap shooting, not only in Richmond, but throughout the State. William Pugh made his appearance at the traps yesterday and outpointed Maloney, who tried to beat his record, by seven targets. Shooting next Saturday will commence at 4 o'clock.

**Medicine Wins.**

COLUMBIA, S. C., October 9.—The University of South Carolina lost the first game of its football season to the Medical College of South Carolina, 6-0. Benbow, fullback for the Meds, made the only touchdown of the game in the first half, when he converted a field goal on the defensive most of the time, and could not get their offense working, while the Meds gained well through the line and on fake end runs.

**Ohio Man Wins.**

NEW ORLEANS, La., October 9.—Phil Brock, of Cleveland, O., was awarded the decision over Young Jack Redmond, of St. Paul, Minn., at the Redmond, of St. Paul, Minn., at the end of a ten-round bout to-night at the Royal Athletic Club. The fight was fast from the first and both men were covered with blood before the fifth round was ended.

**ROMANCE IN NAVY**

Young Officer Succumbs to Charms of Girl.

WASHINGTON, D. C., October 9.—Romance still thrives in the navy, say those who have been invited to attend the happy ending of the courtship of Lieutenant Robert Alden Daves, United States Navy, attached to the battleship Vermont, and Miss Rose Alexander, daughter of Mr. and Mrs. George Prior Anderson, of Alexandria, Va. The marriage is set for Tuesday evening, in Christ Church, Alexandria. Naval officers, who will attend the ceremony in full uniform, have suspected a romance ever since they heard that one of the couples often absent were Lieutenant Daves and Miss Anderson, who spent much time together in nooks in the Hotel Chambray in London, where they were both on duty. The couple were seen together in the hotel, and it is said to have been the betrothal of the couple. The couple were seen together in the hotel, and it is said to have been the betrothal of the couple.

**ASK STAY OF SALE**

Attorneys' Petition Court to Continue Receivership of Norfolk and Southern. Robert B. Tunstall, of Norfolk, as attorney representing Fergus Field, of Norfolk, filed a petition before Judge Edmund Waddill, Jr., yesterday in the United States Circuit Court, presenting a petition for a stay of the order of sale of the Norfolk and Southern Railway, now in the hands of Receivers Harry K. Walker and U. M. Kerr, of Norfolk. The petitioners ask that the sale be deferred until the Alabama Sound bridge and other improvements are completed, when they claim that the receivers will be in a position to deliver the properties in good condition. The sale of the property was proposed under foreclosure proceedings brought by the Trust Company of North America, trustee for certain bond issues. The petitioners ask an opportunity to submit proof that the continuance of the receivership will work a loss to the property of the owners and of others involved.

Little Boy Lies Down In Truck and Cars Run Over Him.

TERRE HAUTE, IND., Oct. 9.—Raymond Shearer, aged 7, implicitly obeyed the order shouted to him by the conductor at the Evansville station, when the Evansville and Terre Haute tracks at Farmington, to no down and thus he escaped death. The little fellow was sitting in the middle of the track when a lot of freight cars was backing upon him and too near to be stopped. Conductor Burton, on the rear car, shouted the order. When the train had been stopped three cars had passed over the youngster, who was taken out unharmed.

**Condition of Treasury.**

WASHINGTON, D. C., October 9.—The condition of the Treasury at the beginning of business today was as follows: Trust funds—Gold coin, \$368,102,869; silver dollars, \$418,000,000; silver certificates outstanding, \$185,000,000. ## GEORGE ROBERTSON WINS GREAT EVENT

PHILADELPHIA, Pa., October 9.—Traveling at a terrific rate of speed over the beautiful eight miles course in Fairmount Park this afternoon, George Robertson, the hero of many a classic automobile event, won the 200-mile stock class road race, in a Simplex car, from a field of twenty-one automobiles, handled by some of the most expert drivers in the country.

**Summary of the Result.**

The complete result of the race was as follows:  
Course, 200 miles, eight miles to a lap, twenty-five times around.  
First prize, \$1,000 cup and \$2,500, won by George Robertson, in a four-cylinder, ninety-horse-power Simplex. Time, 3:38:54.5.  
Second prize, \$1,250, won by Bert Dingley, in a four-cylinder, forty-horse-power Chalmers-Detroit. Time, 3:44:20.  
Third prize, \$750, won by H. L. Harding, in a four-cylinder, 42.5-horse-power Apperson. Time, 3:52:17.7-10.  
Fourth prize, \$500, won by J. Parkins, Jr., in a six-cylinder, sixty-horse-power Chadwick. Time, 3:55:31.1-5.  
Fifth prize (no prize)—Louis Strang, in a four-cylinder, forty-horse-power Isotta. Time, 3:56:54.2-5.  
Robertson's fastest lap, the second, 8:35.  
Fastest lap of the race, by J. F. Betz, third, in a four-cylinder, ninety-horse-power Simplex. Time, 7:54, made on thirteenth lap.

Robertson seemed to have an easy time with his car all the way, but Bert Dingley, in a Chalmers-Detroit, was also going well, and the leader was not permitted to let up his pace at any stage of the race. The winner's car worked perfectly, and only once during the long contest did Robertson have to come to a stop, and that was at the end of the fifteenth lap, when he replaced a couple of tires and replenished his gasoline and oil tanks. Harding, in an Apperson, also drove a beautiful race. He stayed well within the leading cars, and pushed into third place on the eighteenth lap, where he stayed to the finish.

**No Serious Accidents.**

It is estimated that more than a quarter of a million persons crowded both sides of the eight miles of roadway, said to be one of the most dangerous courses in the country. The weather was perfect for the sport, and not a serious accident marred the big race.

E. O. Haynes, in an American car, struck a telegraph pole on the eighth lap at the dangerous "hairpin" curve at Sweet Briar. He and his mechanic were thrown out, but only slightly hurt. The only other accident reported was when Math Leinaw was approaching the grandstand on an Acme car. A rear tire flew off, went up in the air, and then shot into the stand, striking a boy. The youngster was rendered unconscious, but was quickly brought around by a member of the emergency medical corps, and was none the worse for the mishap.

The race was run under the auspices of the Quaker City Motor Club, with the official co-operation of the city of Philadelphia, and was the second affair of the kind held by the club.
